

THE ELIXIR CLINIC

“Our philosophy is to design a wellness lifestyle for clients that goes beyond a treatment.”

Established in 2013 in London’s medical district, The Elixir Clinic is an international wellness clinic recognized as a market leader in intravenous therapy offering preventive health solutions across Europe, the Middle East and Asia.

The Elixir Clinic offers an extensive selection of therapies which include intravenous, anti-aging, regenerative, holistic, and intramuscular treatments to optimize vitality, slow down the aging process and improve your quality of life.

The Elixir Clinic's tailor-made IV infusions, branded as a VitaDrip® are a unique blend of vitamins, minerals, and amino acids; all classified as 'essential nutrients' vital for the body.

VitaDrip® infusions are brilliantly formulated to help clients rejuvenate while promoting prevention and vitality. Our IV infusion are designed to target clients' goals that include nutrient deficiencies, hydration, detoxification, immune health, anti-aging, fitness, energy boost and recovery.

Offering flattering, natural-looking results in everything from injectables, medical facials or one of our signature thread lifts.

Our aesthetic treatments are specifically tailored to you, utilising your existing biology and enhancing it with renowned treatments.

AESTHETICS CONSULTATION		AED500
Includes a medical history review and analysis of the treatment area with our dermatologists.		
MESOTHERAPY	starts from	AED500
Based on high concentrates of antioxidants, vitamins and hyaluronic acid that promotes regeneration of collagen and acts as a boost of overall skin health.		
MICRONEEDLING	starts from	AED750
An effective treatment, tailored to the needs of your skin, that helps treat common concerns such as pigmentation, enlarged pores, oily skin, and smoothen uneven skin tone.		
SKIN BOOSTERS	starts from	AED1,500
Offering a range of skin booster treatments to deliver long-lasting hydration at the cellular level, while nourishing the skin. Injected into the deeper layers of the skin to enhance elasticity and hydration, without adding the volume that dermal fillers do.		
ANTI-WRINKLE TREATMENT	starts from	AED1,600
Reduce fine lines, wrinkles, and remove visible signs of aging. It is also used to treat hyperhidrosis (excessive sweating in underarms, hands, and scalp), and migraines.		

DERMAL FILLERS	starts from	AED1,500
Fillers are used for facial contouring and plumping up the area around injection site. Available for face, neck, hands, non-surgical rhinoplasty, and tear trough treatment.		
THREAD LIFT	starts from	AED800
Non-surgical face lift using fine threads inserted underneath the skin to position facial tissue in a certain “lifted” state; helps reposition volume & reshape the face. Areas of treatment: face, jaw line, & neck.		
LIPOLYSIS	starts from	AED1,000
A non-surgical fat dissolving treatment that safely and effectively eliminates small, stubborn pockets of fat underneath the surface of the skin. It can be used to treat fat pockets on the back, chin, stomach, underneath the buttocks, hips, thighs and knees.		
HYPERHIDROSIS	starts from	AED3,000
A treatment using BOTOXTM to target excessive sweating that commonly occurs in the palm of the hands, underarms, scalp, and other areas in the body.		
PLATELET-RICH PLASMA	starts from	AED1,500
Non-surgical treatment that stimulates collagen and skin regeneration. Plasma is extracted and injected via needle or with a derma pen in the deep dermis or areas of concern for faster and effective rejuvenation. Available for face & hair.		
STEM CELL THERAPY	starts from	AED1,500
A facial rejuvenation treatment, aiming for skin cells repair, protection of the skin from external factors and resulting in a youthful look.		
BODY FILLER	starts from	AED1,500
An injectable procedure that enhances the overall appearance by adding volume or restore symmetry to an area on the body.		

BTL EXILIS ULTRA 360 & BTL X-WAVE

This is a monopolar-radiofrequency device offering a non-invasive treatment of different skin conditions such as wrinkles, skin laxity, and excessive fat as well as elimination of uneven surface of the skin, through using the power of targeted vibrations.

starts from	AED350
-------------	--------

Fotona SP Dynamis

A revolutionary laser device that combines two different wavelengths of energy to achieve optimal results.

Face

Fractional Laser	AED1,622
------------------	----------

Non-surgical treatment that stimulates collagen & skin regeneration. Plasma is extracted and injected via needle or with a derma pen in the deep dermis or areas of concern for faster & effective rejuvenation

Lip Lightening	AED500
----------------	--------

A unique laser treatment ideal for lip rejuvenation. Recommended for clients who suffer from dark lips due to smoking or who wish to achieve natural pinkish lips.

3D/4D® Laser FaceLift	AED2,000
-----------------------	----------

This treatment stimulates production of collagen for persistent tightening and volume. Results are achieved by working on deeper, medial & superficial connective structures of the skin.

Acne & Active Acne Scar Revision	AED1,470
----------------------------------	----------

Using Nd:YAG laser light to penetrate the skin and target overactive sebaceous glands to reduce the risk of developing new acne inflammation; treatment improves appearance of acne scars with a gentle laser skin resurfacing procedure.

Body

Vascular Lesions	starts from	AED800
------------------	-------------	--------

A specific treatment to help with removal of many types of vascular lesions such as spider veins using long-pulse Nd:YAG lasers to penetrate a depth of 5-6mm into the skin allowing for effective results.

Laser Hair Reduction	Small area starts from	AED98
	Medium area starts from	AED300
	Large area starts from	AED500

Secret Machine

A total solution of aesthetic treatment, combining dual fractional technologies of micro-needle RF and erbium glass laser.

Face

Face & Neck Tightening	starts from	AED2,000
------------------------	-------------	----------

The treatment combines micro needling and radio frequency to stimulate the production of collagen and tighten and lift the skin.

Acne Scars & Stretch Marks Treatment	starts from	AED1,800
--------------------------------------	-------------	----------

An effective treatment for reducing the signs of superficial scarring, acne scars, and stretch marks.

Melasma Treatment	starts from	AED1,800
-------------------	-------------	----------

Minimally invasive micro-needling treatment that helps to deliver precisely controlled RF energy directly into the deeper layers of the dermis and stimulates new collagen and elastin production.

Body

Thread & Spider Veins Treatment	starts from	AED1,800
---------------------------------	-------------	----------

A specific treatment to help with removal of spider veins by using Smart Cure technology, which involves applying radio waves energy.

Candela

The gold standard for laser hair removal suitable for all skin types. It uses a dual wavelength laser platform that combines the fastest and most powerful laser for high performance treatments.

Body

Laser Hair Reduction	Small area starts from	AED98
	Medium area starts from	AED300
	Large area starts from	AED500

HYDRAFACIAL™ BODY	starts from	AED513
-------------------	-------------	--------

Used to target key areas that most of us tend to ignore: neck, décolleté & back. The same effective 3-step system is used to clear the pores & skin,

HYDRAFACIAL™ KERAVIVE™	starts from	AED1,644
------------------------	-------------	----------

This unique and relaxing treatment is designed to cleanse, stimulate, nourish, & hydrate your scalp for fuller and healthier-looking hair. A 30-day Scalp Health Spray is included to enhance the benefits of the in-office treatment and deliver daily nourishment between appointments.
